Good morning - This is s. 47F(1) with the Law&Crime Network in the United States. I am checking in on the status of the investigation into allegations of perjury by Amber Heard.

I have attached a document that was posted on social media and was wondering whether you could confirm the authenticity of the document and the information it contains? The document, purported to be from your agency, states that Australian officials have received witness statements collected by law enforcement in other countries - namely the United States.

I realize the investigation is ongoing so there is limited information available but this document, if authentic, outlines information about the status of the probe.

Thank you,

s. 47F(1)

Ms Paris Karamitsos

Dear Ms Karamitsos

Thank you for your email to the Minister for Agriculture, Fisheries and Forestry, Senator the Hon Murray Watt, concerning Amber Heard's investigation. Minister Watt has asked me to thank you for your correspondence and to reply on his behalf.

The department previously completed an investigation into the 2015 importation of two dogs ('Pistol and Boe') owned by Hollywood actor Johnny Depp and his then wife Amber Heard. During the sentencing proceedings, Ms Heard's legal representative tendered a range of material, including an affidavit of Ms Heard and a statutory declaration of Mr Kevin Murphy.

Information has since come to hand via a London Label case that Ms Heard may have provided false testimony to the court in relation to her knowledge of Australia's Biosecurity laws; and that Mr Murphy falsified a statutory declaration under duress of losing his job.

The department recently obtained the support of Commonwealth and other overseas law enforcement agencies and advised that witness statements from the United States of America have been obtained. Committing perjury in support of a breach of Australia's biosecurity requirements, is seen as a serious breach of Australia's judicial system and processes.

I cannot comment further as the matter is an ongoing investigation.

Thank you again for bringing your concerns to the Government's attention.

Yours sincerely

Subject: Fox News Digital Comment Request: Amber Heard Investigation [SEC=UNOFFICIAL]

Hi there – simply reaching out to get a comment of clarification on whether Amber Heard is currently still under investigation for over allegations she lied under oath after failing to declare her two dogs when she brought them into Australia in 2015.

She was charged with making a false statement on her immigration card when she checked "no" to the question of importing anything into the country that should have been declared.

Any insight on record or background is greatly appreciated.

Thank you for your time.

All the best,

Hi,

There are reports in the US that Amber Heard is still under investigation for lying under oath, related to illegally bringing her dogs to Australia.

Is this true? Can I please get more information about what the investigation is about, and where it's up to? Also what kind of penalty is she facing?

I am on deadline for this story today so would appreciate a response asap please, thank you.

Is there any update on this?
