Subject: Not for distribution - Draft only - APL statement [SEC=UNOFFICIAL]

Hi ^{s. 22(1)(a)(ii)},

Just sending you our draft statement for information only – needs some tweaks but I'll review again in the morning and work out next steps.

Let me know if you need anything but Matt Koval has also been in touch.

Talk soon
Margo

ABC's 7.30 Report: CO2 stunning in pigs

Australian Pork Limited (APL) is the peak national representative body for Australian pork farmers.

Our farmers strive for world-leading best practices when it comes to animal welfare.

They provide Australian families with quality Australian-grown pork.

Commercial pig farming in Australia is a highly regulated industry, governed by both federal and state legislation.

The industry is further underpinned by continual investment into research and development that supports and promotes pig welfare.

We understand that the viewpoints made, and footage shown within the program are concerning.

APL will continue to work to support the industry to ensure animals receive the highest level of care. The industry also ensures that methods used are backed by peer-reviewed, scientific research into animal welfare.

Producers and supply chain businesses need to remain vigilant in monitoring of unusual activity. If you suspect that you may have been targeted, please feel free to contact APL, or AMIC, if you are in processing.

As APL does not represent Australia's meat processing sector, enquiries concerning the post-farm gate meat industry, are best referred to the Australian Meat Industry Council (AMIC).

Margo Andrae
