

# Australian Wood Packaging Certification Scheme (AWPCS) Register

Last updated: 22 November 2024

The AWPCS Register lists all treatment providers and wooden packaging manufacturers who are accredited under the AWPCS and meet the International Standard for Phytosanitary Measures No.15 (ISPM 15) – Regulation of Wood Packaging Material in International Trade.

The Department maintains a list of all withdrawn/suspended treatment providers and wooden packaging manufacturers, including the date of withdrawal/suspension. It should be noted that all packaging material manufactured/packaged prior to the date of suspension/withdrawal still in circulation is recognised by the Department of Agriculture, Fisheries and Forestry as meeting the requirements of ISPM 15.

To verify information regarding previously accredited treatment providers and packaging manufacturers or the status of a particular establishment/certification number, please contact the Grain & Seeds Export Program at [Grain.Export@aff.gov.au](mailto:Grain.Export@aff.gov.au).

Certification Number	Certification Status	Treatment Provider/Manufacturer	Company Name	Address	State	Contacts
