

## WHY IS BIOSECURITY IMPORTANT?

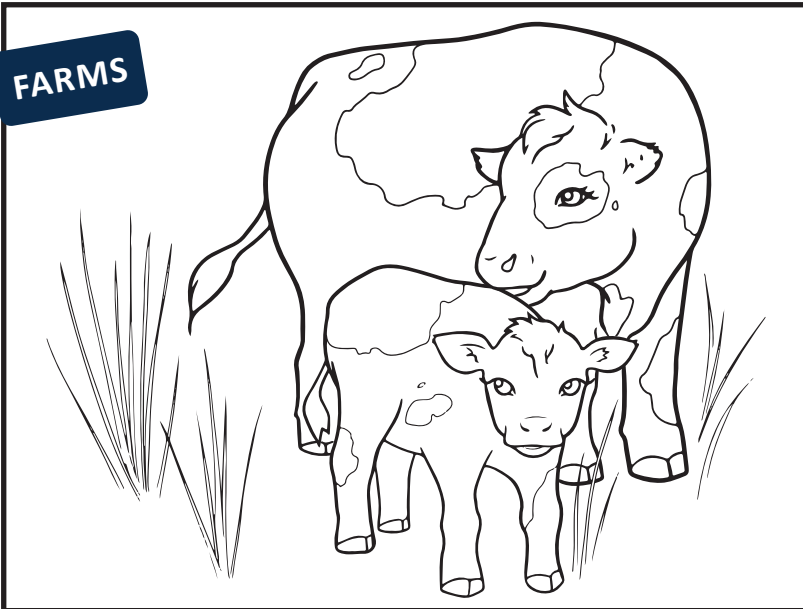

Biosecurity is how we protect our plants, animals, food and nature. It keeps our farms, animals, parks and pets safe from things that can make them sick. Biosecurity is good for all of us, so we need to work together to keep Australia safe.

Be a Junior Biosecurity Officer! Learn more at [www.agriculture.gov.au/JBO](http://www.agriculture.gov.au/JBO).
