

Australian Government

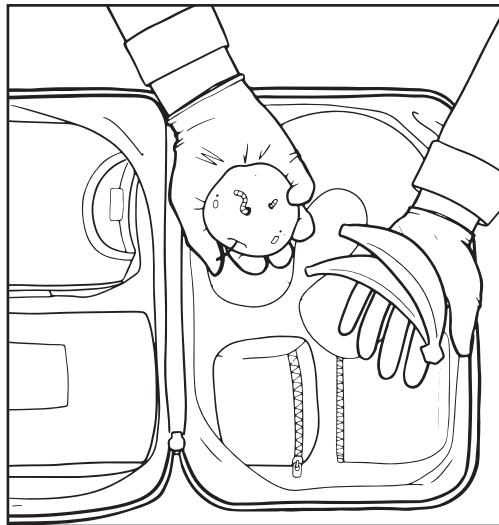

LET'S WORK TOGETHER

We all have a job to do. Biosecurity officers, Indigenous Rangers and biosecurity detector dogs work hard to keep exotic pests and diseases out of Australia. Biosecurity is how we protect our plants, animals, food and nature. Visit www.agriculture.gov.au/JBO to find out more.

Biosecurity detector dogs sniff mail.

Biosecurity officers inspect luggage when people travel to Australia.

DRAW AND WRITE YOUR IDEAS!

What are some things you can do to help keep Australia safe from pests and diseases?
