

s22(1)(a)(ii)

Market Access

- In 2019-2020, approximately \$12.8 million worth of edible kangaroo meat was exported to 15 countries by four export establishments.
 - The top three markets for kangaroo meat by value in descending order were s22(1)(a)(ii) and United States of America (\$0.4 million).

s22(1)(a)(ii)

s22(1)(a)(ii)

- From 1 January 2016, Australia no longer has market access for kangaroo meat and inedible products (skins/hides) to California, United States (US).
 - Australia still has market access for kangaroo products to the rest of the US.

s22(1)(a)(ii)

Supporting information: Kangaroo exports and total harvest

Kangaroo meat exports*	2014 CY		2019 CY		Change	
	Value (A\$m)	Volume (tonnes)	Value (A\$m)	Volume (tonnes)	Value	Volume
United States^	0.50	65.87	0.55	50.58	+10%	-23%
World Total	20.25	4216.89	14.86	2581.18	-27%	-39%
Kangaroo harvest in Australia						
All species in Australia	Over 60					
Protected under law	22 species					
Commercially harvested for meat export	Four species – red, eastern grey, western grey and common wallaroo or euro (none threatened / protected)					
Licensed harvesters	Over 1400 professional shooters					
Total estimated kangaroo population of commercially harvested species in harvest zones (2018)	Total kangaroos commercially harvested (2018)					
45.4 million	1.44 million (four species combined)					
	3.1 per cent of total population in designated harvest zones					
	21 per cent of sustainable quota					

* Exports of fresh, chilled or frozen meat and edible meat offal of kangaroo, as reported under the Australian Harmonised Export Commodity Classification (AHECC) 0208.90.11. Source ABS.

^ Actual or estimated statistics on the value or volume of kangaroo trade specifically to California are not available.

The volumes and values of exports of inedible kangaroo product (e.g. skins and hides) are not able to be accurately determined from ABS/ABARES data, as the data also includes hides from other species (e.g. goat hides).

s22(1)(a)(ii)

- b. Since 1 January 2016, Australia no longer has market access for kangaroo meat and inedible products (skins/hides) to the United States' (US) state of California.
