Affected Markets		UAE
Further Information		Please contact exports@daff.gov.au if you have any queries.

The Department of Agriculture, Fisheries and Forestry (DAFF) has received informal advice that the UAE may have introduced revised export certification requirements for fish and fishery products.

DAFF is currently clarifying this situation with UAE officials.

In the interim, prior to exporting fish and fishery products to the UAE, exporters are advised to seek confirmation from their importer that their consignment will be accepted into the UAE using the current FX46 certificate.

The information provided above is current at the time of writing and is intended for use as guidance only and should not be taken as definitive or exhaustive. The Commonwealth endeavours to keep information current and accurate, however, it may be subject to change without notice. Exporters are encouraged to verify these details with their importers prior to undertaking production/exports.
