CERTIFICATION REQUIREMENTS FOR CROATIA

Attention	Industry	Seafood
	DAFF	Central and Regional offices
Affected Markets		Croatia
Further Information		Email: exports@daff.gov.au

The Department of Agriculture, Fisheries and Forestry (DAFF), provides the following information regarding changes to market access requirements for **Croatia**:

As a result of Croatia's accession to the European Union (EU) on 1 July 2013, all export certification issued by DAFF for products destined for Croatia must be in accordance with relevant EU regulations.

Croatian language certification is currently being developed by the EU and DAFF will develop English-Croatian language certificates as information becomes available. DAFF understands that English language only certificates may be accepted by Croatian authorities prior to the new bilingual certificates becoming available.

Exporters are advised to seek clarification through their importer prior to export as to whether their consignment will be accepted into Croatia on an English language only certificate.

The information provided above is current at the time of writing and is intended for use as guidance only and should not be taken as definitive or exhaustive. The Commonwealth endeavours to keep information current and accurate, however, it may be subject to change without notice. Exporters are encouraged to verify these details with their importers prior to undertaking production/exports. The Commonwealth will not accept liability for any loss resulting from reliance on information contained in this notice.
