

Lodge a Request for Export (REX) for to obtain the NX188B or NX188M certificate.

The below information will guide you through the NEXDOC system and demonstrate how to lodge a Request for Export (REX) to obtain the NX188B or NX188M export certificate.

Log in to the Online Services Portal

<p>Step 1 Login to the Online Services Portal</p>	<div><p>Online Services - Login ?</p><p>The screenshot shows the login interface for the Australian Government Department of Agriculture, Fisheries and Forestry. It features the department's logo and name at the top. Below this are two input fields: 'Email or Client ID' and 'Password'. To the right of the password field is a link for 'Forgot my password'. A blue 'Login' button is positioned below the input fields. At the bottom left, there is a 'Create Account' button and the text 'Don't have an account?'. At the bottom right, there is a 'Continue with Digital Identity' button and a text box explaining that Digital Identity is a safe, secure, and convenient way to prove and reuse your identity online.</p></div>
---	--

NEXDOC Portal Homepage	
<p>Step 1 Select Lodge a Request for Export (REX)</p>	<p style="text-align: center;">Welcome to Agriculture Online Services</p> <p>This portal provides access to online services within the Department of Agriculture, Fisheries and Forestry.</p> <p>Connect to a service to:</p> <ol style="list-style-type: none"> 1. Register your company as an exporter 2. Register as a Client group administrator (external software users) 3. Request to be an AEPI (Automated Export Permit Issuer) 4. Create web service users for your software <p>If your company is already registered as an exporter – the person in your company who manages your NEXDOC access will be able to add your online account to the exporter</p> <p>If you want to update your personal details, go to the 'My Details' tab and update your contact details</p> <p>My services</p> <p>Go to NEXDOC Homepage ></p> <p>Lodge a Request for Export (REX) ></p>

Start a new request for export (REX)	
<p>Step 1 Select the Commodity type of your export drop down menu. You will need to select Other Goods.</p> <p>This is a mandatory field.</p>	<p style="text-align: center;">Start a new request for export</p> <p>Commodity type of your export</p> <div style="border: 1px solid #ccc; padding: 5px; width: fit-content;">Please select ▼</div> <p>(i) Unsure of your commodity type? ▼</p> <hr/> <div style="text-align: center; margin-top: 20px;"> <div style="background-color: #0056b3; color: white; padding: 10px 20px; border-radius: 5px; display: inline-block;">Start</div> </div>

<p>Step 2 Guidance relating to Other Goods products will display below the commodity selection</p> <p>Select Start</p> <p>Note: If you are exporting imported goods, you will need to refer to OTHER GOODS – How to lodge a Request for Export (REX) for NX418 on the NEXDOC help page</p>	<p style="text-align: center;">Start a new request for export</p> <p>Commodity type of your export</p> <div style="border: 1px solid #ccc; padding: 5px; width: fit-content;">Other Goods ▼</div> <p>(i) Unsure of your commodity type? ▼</p> <p>NEXDOC Other Goods covers non-prescribed goods that require department issued export certification:</p> <ul style="list-style-type: none"> • edible non-prescribed goods excluding honey and apiculture products; • inedible non-prescribed goods excluding products derived from animal materials; • shells, animal remains and other specific non-prescribed goods if outlined on Micor. <p>The department is incrementally transitioning markets onto NEXDOC Other Goods and some product-country combinations are not yet available on this system. A certification may instead be available for these markets or the importing country may not require certification. Visit Micor for further information.</p> <p>Non-prescribed goods with electronic certification via EXDOC or another NEXDOC commodity are not included.</p> <div style="border: 1px solid #f00; padding: 10px; margin-top: 10px;"> <p>The goods have been legally imported into Australia</p> <p>Select this tick box if the products you are exporting have been imported into Australia with no further manipulation occurring before re-export.</p> <p><input type="checkbox"/></p> </div>

[Can't find the country in the list?](#)

Next

REX Section 2: Product Details

Step 1

Select **Select how many product lines you are exporting.**

If less than 20 lines, the system will allow you to enter details line by line. IF you have 20 or less lines select **'Less than 20 product lines'** and proceed to Step 3

The screenshot shows the NEXDOC 'Request for Export' interface. At the top, there is a navigation bar with 'Home', 'Exports', 'Certificates', and 'Account'. On the right, it shows 'Inbox 45' and 'UG User Guide'. Below the navigation is a 'Progress' sidebar with 10 steps: 1. Country, 2. Products (highlighted), 3. Exporter, 4. Consignee, 5. Transport, 6. Endorsements, 7. SEW, 8. Additional details, 9. Attachments, and 10. Submit. The main content area is titled 'Request for Export Products for export'. It asks 'How many product lines do you intend to include in this consignment?' with two radio button options: 'Less than 20 product lines' (selected) and '20 or more product lines'. Below this is a grey box labeled 'No products' with the text 'No products added yet' and a '+ Add a product to export' button.

Step 1 cont

If more than 20 lines you will need to select **'20 or more product lines'**

For **20 or more lines** or product, you will have the option to enter products line by line or use a packing list functionality. Using this method, you have the option to enter basic product information in bulk as a packing list. Note: The Single Electronic Window connection to obtain your export declaration number (EDN) will not be available.

If you have 20 or more products and wish to enter in products details by line, select **'add a product to export'** and proceed to step 3

If you wish to use the packing list functionality, select **add multiple products using**

The screenshot shows the NEXDOC 'Request for Export' interface. At the top, there is a navigation bar with 'Home', 'Exports', 'Certificates', and 'Account'. On the right, it shows 'Inbox 52+' and 'UG User Guide'. Below the navigation is a 'Progress' sidebar with 8 steps: 1. Country, 2. Products (highlighted), 3. Exporter, 4. Consignee, 5. Transport, 6. Endorsements, 7. SEW, and 8. Additional details. The main content area is titled 'Request for Export Products for export'. It asks 'How many product lines do you intend to include in this consignment?' with two radio button options: 'Less than 20 product lines' and '20 or more product lines' (selected). Below this are two buttons: '+ Add a product to export' and '+ Add multiple products using a packing list'. There is also a note: 'Or Using this method, you have the option to enter basic product information in bulk as a packing list. The SEW connection to obtain your export declaration number (EDN) will not be available.'

packing list. Then proceed to step 2

Step 2

For more than 20 lines, NEXDOC provides the option to:

Create your packing list in your own spreadsheet software and then copy and paste it into the table,

or

Enter your packing list information directly into the embedded table.

Once information is entered hit **'save and next'** and proceed to **REX Section 3: Exporter details**

[Products](#)

Add multiple product lines

To include a packing list with your request for export, please either:

- Create your packing list in your own spreadsheet software and then copy and paste it below, or
- Enter your packing list information directly into the embedded table below.
- Ordered list item

Please note:

- All products listed must be non-prescribed goods and eligible for the certification that is requested in this REX.
- Pasting data from your spreadsheet software will automatically add more rows to the table, to a maximum of 400 rows.
- All fields are mandatory unless otherwise specified (Shipping marks optional).
- A minimum of 20 rows are required to be completed.
- 20 additional rows can be added manually using the 'Add' button, to a maximum of 400 rows. Unused rows will not be saved or printed on your export certificate.
- If you have more than 400 product lines, please proceed with an additional REX.
- The description of goods must be an accurate generic term which describes the product for export. It cannot include brand/product names except for where these are required by the importing country (they can then be included in brackets after the product description). The description of goods field cannot include commercial claims (e.g. premium or organic).
- For entering Total Net Content Weight Unit please use the following standard abbreviations for units: 'Kg' for kilograms, 'g' for grams, 'l' for litres. For example, input '15 kg' instead of '15 kilograms'.
- The table is saved with the 'Save and Next' button. When reviewed and approved, the list will be printed on your export certificate.

Shipping marks, number & container size (optional)	Quantity	Outer packaging type	Description of goods	Manufacturer	Total net contents	Total net contents weight unit
<small>Used to mark export containers for easy identification (max 20 characters)</small>	<small>Number of outer packages of this product (in numerical values only)</small>	<small>Details of what the product is packed on (max 40 characters)</small>	<small>A generic term describing the type of product to be exported (max 40 characters)</small>	<small>Name of the manufacturer of this product (max 40 characters)</small>	<small>Net metric amount in numerical values only. Can include up to three decimal places</small>	<small>Provide either Kg, g or l</small>

Step 3

For **line by line entering of product details**, NEXDOC will provide guidance on the different product groups within the Other Goods commodity.

Select the **Product you wish to export** drop down and choose the relevant product type.

This is a **mandatory** field.

	
<p>Step 4 Select a suitable option from the <i>What is the product category?</i> drop down menu.</p> <p>This product category will appear on your export certificate as the <i>Description of Goods</i>.</p> <p>This is a mandatory field.</p>	
<p>Step 5 If you wish to provide a more specific description of your product, you can use the optional Manual Description field.</p> <p>If provided, the text in this field will appear on your export certificate as the <i>Description of Goods</i>.</p> <p>This is an optional field and will override the product category description selected in step 3.</p>	

<p>Step 6 Select a suitable option from the What is the product packed in? drop down field.</p> <p>This is a mandatory field.</p>	<p>Manual product description (optional) If you enter a manual product description, this will appear on certain export certificates as the description of the goods. Whether or not a manual description can appear on an export certificate is dependant on the importing country requirements. If no manual description is provided, the description of goods will be based on relevant information from the product category, preservation and outer packaging fields.</p> <p>Pasta Sauce</p> <p>What is the product packed in?</p> <p>BAG IN A BOX (BB) BAGS (BG) BOTTLES (BO) BOX (BX) BULK PACK (BP) CANS (CA)</p> <p>Weight unit</p>
<p>Step 7 Select the Preservation type for the product.</p> <p>This is a mandatory field.</p>	<p>What is the product packed in?</p> <p>CANS (CA)</p> <p>Can't find the product packed in the list?</p> <p>Preservation You must select the preservation type of the product. This preservation will appear on the export certificate, if required.</p> <p>Chilled Frozen No preservation Unrefrigerated</p> <p>Net metric weight unit</p>
<p>Step 8 Select the relevant AHECC code for the product.</p> <p>This is an optional field but becomes mandatory field if you are using the Single Electronic Window (SEW) connection to obtain an Export Declaration Number (EDN) via NEXDOC.</p>	<p>Preservation You must select the preservation type of the product. This preservation will appear on the export certificate, if required.</p> <p>No preservation</p> <p>AHECC</p> <p>FOOD PREPARATIONS (EXCL THOSE PREVIOUSLY IDENTIFIED IN CHAPTER 21), NOT ELSEWHERE SPECIFIED OR INCLUDED (21069095)</p>
<p>Step 9 Provide the Net metric weight amount and the net metric weight amount.</p> <p>These fields are mandatory.</p> <p>The Gross metric weight amount and Gross metric weight unit are optional fields but become mandatory if you wish to use SEW to obtain your EDN.</p>	<p>AHECC</p> <p>FOOD PREPARATIONS (EXCL THOSE PREVIOUSLY IDENTIFIED IN CHAPTER 21), NOT ELSEWHERE SPECIFIED OR INCLUDED (21069095)</p> <p>Net metric weight amount 1000</p> <p>Net metric weight unit Kilogram</p> <p>Gross metric weight amount 1000</p> <p>Gross metric weight unit Kilogram</p>

<p>All weight fields must equal more than zero.</p>													
<p>Step 10 Provide the Batch Code. This field is optional and will appear on your certificate, if provided. This field has a limit of 30 characters.</p>	<p>Gross metric weight amount <input type="text" value="1000"/> Gross metric weight unit <input type="text" value="Kilogram"/></p> <p>Batch code <input type="text" value="MAYBATCH2023"/></p>												
<p>Step 11 Provide the Outer Packaging details. The Package Type, Quantity, Individual Package Weight, and Weight Unit are mandatory fields. These details will appear alongside the Category type and Preservation type on the certificate unless a Manual Description is provided. Shipping marks are optional. This field has limit of 30 characters.</p>	<p>Outer packaging</p> <p>Package type Select the outer package type that the product is packed in. For example: Cartons. <input type="text" value="BOX"/></p> <p>Quantity Enter the number of outer packages for the product line. <input type="text" value="1000"/></p> <p>Individual package weight Refers to the weight of each item inside the outer package. For example, the individual package weight might be 10 KGM. <input type="text" value="10"/></p> <p>Weight unit <input type="text" value="Kilogram"/></p>												
<p>Step 12. Provide the Shipping marks. This field is optional and has limit of 30 characters.</p>	<p>Shipping marks This information is optional. Shipping marks or port marks are used to mark the export cartons so they are easily identified by you (the exporter) and the shipping company. If provided, the shipping marks information will print on the certificate. <input type="text" value="SHIPPINGMARK345"/></p>												
<p>The below information relates to the Additional details of the product.</p>													
<p>Details relating to Containers are optional. Details relating to SEW are optional. In this tab, the Net weight amount, Net weight unit and FOB amount fields become mandatory if you wish to use SEW and obtain your EDN.</p>	<p>Add additional details for the product</p> <table border="1"> <tr> <td>Containers</td> <td>Optional</td> <td>></td> </tr> <tr> <td>SEW</td> <td>Optional</td> <td>Mandatory if SEW is required. ></td> </tr> <tr> <td>Production processes</td> <td>Mandatory</td> <td>></td> </tr> <tr> <td>Additional details</td> <td>Optional</td> <td>></td> </tr> </table> <p><input type="button" value="Save"/></p>	Containers	Optional	>	SEW	Optional	Mandatory if SEW is required. >	Production processes	Mandatory	>	Additional details	Optional	>
Containers	Optional	>											
SEW	Optional	Mandatory if SEW is required. >											
Production processes	Mandatory	>											
Additional details	Optional	>											

<p>Details relating to the Production processes are mandatory.</p> <p>Additional Details are optional. In this tab, the Product Source State field becomes mandatory if you wish to use SEW and obtain your EDN.</p>					
<p>Step 13 Scroll down to Add additional details for the product and select Production Processes.</p>	<p>Add additional details for the product.</p> <p>Containers</p> <p>SEW</p> <p>Production processes</p> <p>Additional details</p>				
<p>Step 14 Provide the free text Manufacturer Name. This is the only mandatory field for markets requiring the NX188B or NX188M certificate. All other fields are optional.</p>	<p>Add Production processes</p> <p>Process start and end dates The process dates refer to the duration of product processing.</p> <p>Start date (e.g. 02/09/2024) End date (e.g. 02/09/2024)</p> <p><input type="text"/> <input type="text"/></p> <p>Manufacturer details This is a free text field, and is not validated against the Department's Establishment Register. This information will only render on certificates that do not require listing details at the product line level.</p> <p>Manufacturer name <input type="text" value="Sauce Manufacturer Pty"/></p> <p>Manufacturer Address</p>				
<p>Step 15 Select Product to go back to the product screen</p>	<p>← Product</p> <p>Production processes</p> <table border="1"> <thead> <tr> <th>Establishment Name</th> <th>Actions</th> </tr> </thead> <tbody> <tr> <td>Sauce Manufacturer Pty Ltd</td> <td>Edit</td> </tr> </tbody> </table>	Establishment Name	Actions	Sauce Manufacturer Pty Ltd	Edit
Establishment Name	Actions				
Sauce Manufacturer Pty Ltd	Edit				
<p>Step 16 You will return to the Product screen.</p>	<p>Add additional details for the product.</p> <p>Containers</p> <p>SEW</p> <p>Production processes Sauce Manufacturer Pty Ltd</p> <p>Additional details</p> <p><input type="button" value="Save"/></p>				

<p>Step 17 If you wish to add container details, select the Containers tab.</p> <p>Container details are optional.</p>	<p>Add additional details for the product.</p> <p>Containers</p> <p>SEW</p> <p>Production processes Sauce Manufacturer Pty Ltd</p> <p>Additional details</p> <p>Save</p>
<p>Step 18 Select the relevant type of freight container then select Add container.</p> <p>If you decide to provide container details for one product line, you must provide them against all product lines.</p>	<p>Containers</p> <p>Record any freight container details here. If you record a container number (sea freight or air freight) it will print on your certificate.</p> <p>Type of freight container</p> <p><input type="radio"/> Air freight container</p> <p><input checked="" type="radio"/> Sea freight container</p>
<p>Step 19 If Air Freight</p> <p>Provide the Container number for the Air Freight container.</p> <p>If seal numbers are available, select Add seal number and provide the Start and End seal number.</p> <p>Select Add</p> <p>Note: It is optional to provide these details.</p>	<p>Containers</p> <p>Record any freight container details here. If you record a container number (sea freight or air freight) it will print on your certificate.</p> <p>Container number</p> <p><input type="text" value="ALLU0000013"/></p> <p>Add seal numbers</p> <p>If your consignment is by air and you would like your Air freight container seal number information to print on the certificate, you can record the details here. You can record a range of seal numbers or a single seal number. If it is a single seal number for an Air freight container then enter same value in start and end seal numbers.</p> <p>Start seal number <input type="text" value="1234"/> End seal number <input type="text" value="5678"/> Remove</p> <p>+ Add seal number</p>
<p>Step 20 If Sea Freight</p> <p>Provide the Container number for the Sea Freight container.</p> <p>Select Add seal number and provide the details.</p> <p>Note: It is optional to provide these details.</p>	<p>Containers</p> <p>Record any freight container details here. If you record a container number (sea freight or air freight) it will print on your certificate.</p> <p>Container number</p> <p><input type="text" value="BLLU0000020"/></p> <p>Seal number(s) (optional)</p> <p>Seal numbers can only be added if container numbers have been recorded. If provided, the information will print on your certificate as part of the Container information for example: MKUK9229966/132520</p> <p><input type="text" value="ACB123"/> Remove</p>

<p>Step 21 If you wish to obtain your EDN through NEXDOC, select SEW</p> <p>SEW information is optional.</p>	<p>Add additional details for the product.</p> <hr/> <p>Containers</p> <p>SEW</p> <hr/> <p>Production processes Sauce Manufacturer Pty Ltd</p> <hr/> <p>Additional details</p> <hr/> <p>Save</p>				
<p>Step 22 If you wish to obtain your EDN through NEXDOC, you must provide the Net weight amount, Net weight unit and FOB amount.</p> <p>Select Save.</p>	<p>← Product</p> <p>SEW information</p> <p>Net weight amount <input type="text" value="1000"/> Net weight unit <input type="text" value="Kilogram"/></p> <p>FOB amount Enter the Free On Board sales value for this product line. <input type="text" value="5000"/></p> <hr/> <p>Additional permit details</p> <p>If the product has additional or related permit requirements for Customs purposes - record the details here. Otherwise, this information is not required.</p>				
<p>Step 23 Once all necessary is provided, select Save</p>	<p>Add additional details for the product.</p> <hr/> <p>Containers</p> <hr/> <p>SEW</p> <hr/> <p>Production processes Sauce manufacturer</p> <hr/> <p>Additional details</p> <hr/> <p>Save</p>				
<p>Step 24 You will be taken back to the Products for Export page.</p> <p>You can either Add another product to export or Copy a product line.</p> <p>If you copy an existing product line, NEXDOC will copy all base information and allow you to amend any unique information, such as the <i>batch number</i>.</p> <p>Once you have all product line information saved, select Next</p>	<p>Progress</p> <ol style="list-style-type: none"> 1 Country 2 In progress Products 3 Exporter 4 Consignee 5 Transport 6 Endorsements <hr/> <p>Request for Export Products for export</p> <p><input checked="" type="checkbox"/> Application started. REX Section 3: Exporter Details

Step 1

Exporter details are prepopulated from your exporter registration for NEXDOC.

If you need to update these details, select **Edit exporter details**.

If you wish to use your other exporter details for the consignment, please select **Change exporter**.

Provide your **Exporter Reference**.

This is a **mandatory** field and limited to 35 characters. This will assist you identifying your REX in your account. This will also appear on your invoice.

Select **Save and next**.

The NEXDOC system will automatically assign you the relevant certificate template and endorsement, based on the product information you have supplied in the Product tab. Some products may have alternative template and/or endorsement options, which will be visible if you select the product line.

Product	Certificate	Endorsement	Action
1. Cooking Sauce - Pasta Sauce	NX188B		Select

Free Text Endorsement

If the importing country requires a specific attestation that applies to all product lines in the application, please provide the text below.

You must attach evidence of the importing country requirement for the declaration/s and appropriate evidence/manufacturing records to support these declarations in the attachment section of this REX.

If approved by the department, this text will appear on your export certificate.

REX Section 7: Single Electronic Window (SEW)

Step 1
Should you wish to use Single Electronic Window (SEW) integration to obtain your EDN (Export Declaration Number) you will need to complete the details on this screen.

Note:

1. You must have requested access to SEW in your exporter registration for this to be available. Alternatively, you can update your account and request this permission.
2. If you wish to use the SEW connection, you must have provided the relevant details in each of your product lines.

Request for Export SEW Integration

[More Actions](#) ▾

• REX number: REX0001025915

Would you like to use SEW integration (ICS)?

FOB total

0

FOB total is the sum of all FOB amounts quoted for all products lines for this REX.

FOB currency (optional)

Select the FOB currency you have used to calculate all FOB amounts.

▾

SEW consignee name

SEW consignee name is limited to 35 characters. This is the name that will be sent to the SEW.

[Save and next](#) [Back](#)

3. The FOB total will be calculated based on the information saved in the SEW tab of each product line.

These are **optional** fields.

REX Section 8: Additional Details

Step 1

Select your **Certificate Print Indicator**

You must select **Automatic** or **Hold**.

This selection is **mandatory**.

Please view the **NEXDOC Printing FAQ** on the NEXDOC Help Page for further information regarding these options.

Certificate print indicator

Please be aware that the Certificate Print Indicator selection has an impact on the status of your export certificate after submission. Please consider your choice carefully before making a selection.

- Automatic: The REX will automatically progress to the status of completion (COMP) after departmental review. You will incur charges for any changes to your certificate at this status.
- Hold: The REX will hold the status of Certificate Ready (CTRD) after departmental review. You will be able to preview the certificate and make changes without charge until you are ready to generate your certificate and progress your REX to COMP.

Automatic

Hold

Printer selection

You can select 'Use your own printer' if you have approval to print locally, or you can select a 'Print region' to print your certificate in one of the department's offices. Select the office closest to you.

Print to a departmental regional office

If you select a 'Print region' your certificate will print to the nominated regional office and you will need to arrange collection. If you wish to print on your own premises, and can't see a 'Use your own printer' selection on screen, this may be due to importing country requirements or due to the fact you have not applied for the 'My Printer' permission within your NEXDOC Account.

 ▾

Step 2

Selecting the **Use your own printer** tick box will allow you to print your certificate remotely, rather than needing to collect it from a regional department office.

If you do not have this option on screen, please request this permission via your registered NEXDOC exporter account.

Manual EDN (optional)

The Department will send your request to ICS to generate an EDN number for this consignment. If you already have an EDN please enter it below noting that the Department will not send any updates based to ICS on the information contained in this request.

Step 3

If you do not wish to print remotely, you must select an available regional office from the **Print region** to print your extract.

You will need to contact the department's Assessment Services (Exports) team to collect the certificate/s.

REX Section 9: Attachments

Step 1

Each REX is assessed against importing country requirements. Provide all relevant documentation to support your request for certification. This may include, but is not limited to, an import permit and manufacturers declarations.

Select **Add attachment**.

Step 2

Select the drop-down menu and indicate the type of attachment. This is a **mandatory** field *if* you are attaching a document.

Provide a comment in relation to your attachment, if applicable. This is an **optional** field.

Select or **drag and drop** the file to attach.

Select **Save**.

Step 3
Attach all necessary documentation to support your application. A departmental officer will review these documents when assessing your REX.

Select **Next**.
