The products have been imported in their current form, in their current packaging, and they are to be exported without any form of processing, treatment, packaging, re-packaging or re-labelling occurring in Australia</p> <p><small>For goods that have been imported, and are to be exported following production steps within Australia, a REX is not currently able to be applied for via NEXDOC. Please contact the Department.</small></p> <p><input checked="" type="checkbox"/></p> <div style="background-color: #0056b3; color: white; padding: 5px; text-align: center; width: 50px; margin: 0 auto;">Start</div> </div>
---	--

REX Section 1: Country details

Step 1

Select the **Country you wish to export to** drop down menu. You will need to select your destination country, then select **Next**.

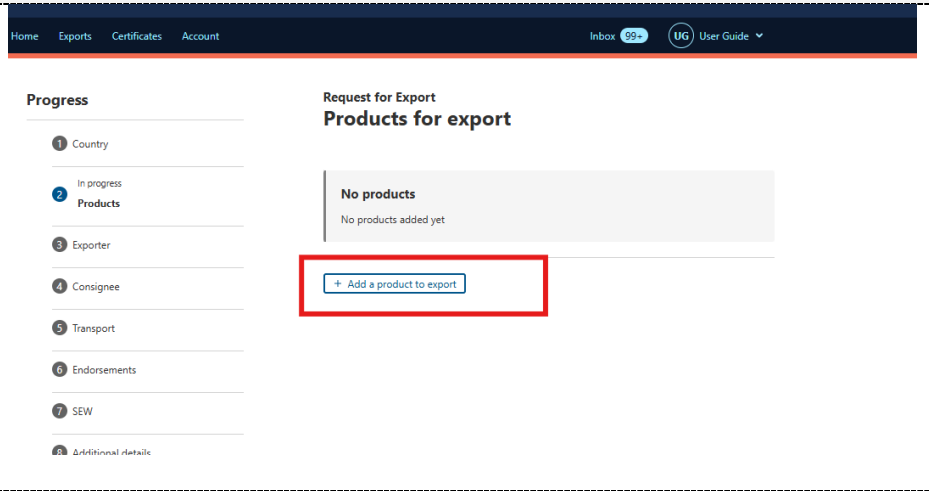

This is a **mandatory** field.

The screenshot displays the 'Request for Export' interface. At the top, there is a navigation bar with 'Home', 'Exports', 'Certificates', and 'Account' links, and an 'Inbox 45' notification. The main content area is divided into two columns. The left column, titled 'Progress', shows a vertical list of steps: 1. In progress Country, 2. Products, 3. Exporter, 4. Consignee, 5. Transport, 6. Endorsements, 7. SEW, 8. Additional details, and 9. Attachments. The right column, titled 'Request for Export Country to export', contains a dropdown menu labeled 'Country you wish to export to' with 'SINGAPORE' selected. Below the dropdown is a link that says 'Can't find the country in the list?'. A blue 'Next' button is positioned below the dropdown menu. At the bottom of the screen, a Windows taskbar is visible with a search bar and various application icons.

REX Section 2: Product Details

Step 1

Select **Add product to export**

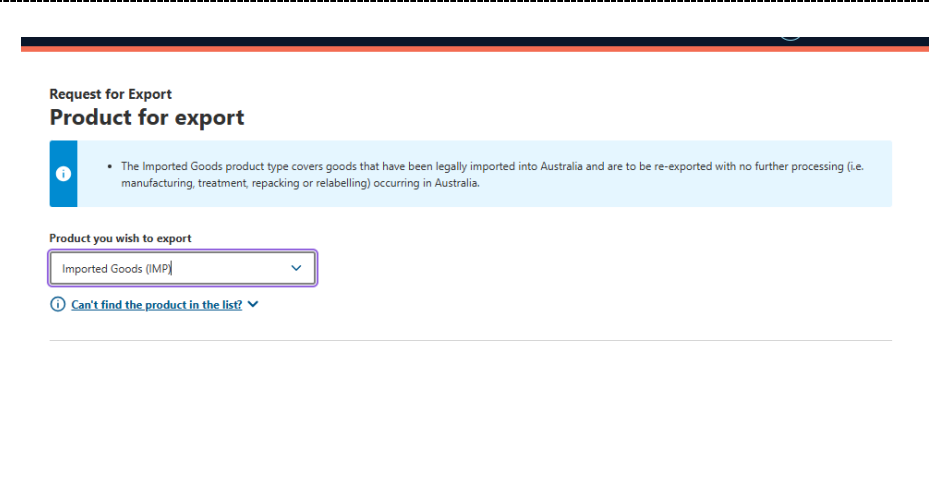

Step 2

Select the **Product** you wish to export drop down.

NEXDOC will present Imported Goods as the only option.

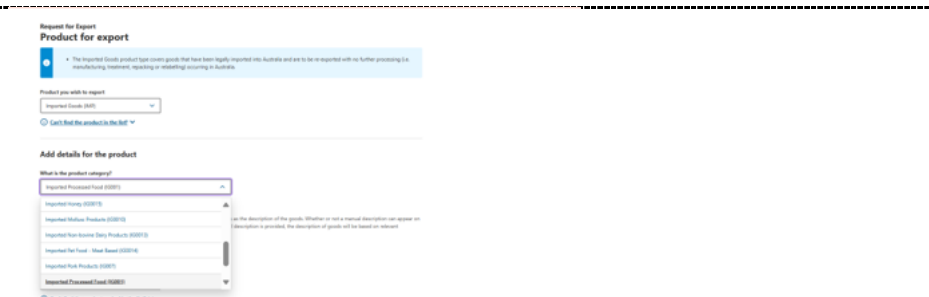

This is a **mandatory** field.

Step 3

Select a suitable option from the **What is the product category?** drop down menu.

This is a **mandatory** field.

Step 4

Provide a more specific description of your product.

The **Manual Description** field is a **mandatory** field. This description will appear on your export certificate.

<p>Step 5 Select a suitable option from the What is the product packed in? drop down field.</p> <p>This is a mandatory field.</p>	<p>Canned tomatoes</p> <p>What is the product packed in? CANS (CA) <input type="button" value="v"/></p> <p>Can't find the product packed in the list? <input type="button" value="v"/></p> <p>Preservation You must select the preservation type of the product. This preservation will appear on the export certificate, if required. Unrefrigerated <input type="button" value="v"/></p>
<p>Step 6 Select the Preservation type for the product.</p> <p>This is a mandatory field.</p>	<p>Canned tomatoes</p> <p>What is the product packed in? CANS (CA) <input type="button" value="v"/></p> <p>Can't find the product packed in the list? <input type="button" value="v"/></p> <p>Preservation You must select the preservation type of the product. This preservation will appear on the export certificate, if required. Unrefrigerated <input type="button" value="v"/></p>
<p>Step 7 Select the relevant AHECC code for the product.</p> <p>This is an optional field but becomes mandatory field if you are using the Single Electronic Window (SEW) connection to obtain an Export Declaration Number (EDN) via NEXDOC.</p>	<p>AHECC</p> <p>OTHER (04039020)</p> <p>SEEDS: PALM NUTS AND KERNELS; AND COTTON; CASTOR OIL; SESAME OIL; MUSTARD; SAFFLOWER; MELON AND POPPY SEEDS (12019991)</p> <p>OLIVE OIL AND ITS FRACTIONS (EXCL. EXTRA VIRGIN OLIVE OIL, VIRGIN OLIVE OIL), NOT CHEMICALLY MODIFIED (15099000)</p> <p>ORANGES, DRIED (08051030)</p> <p>OTHER (04039020)</p>
<p>Step 8 Provide the Net metric weight amount and the net metric weight amount.</p> <p>These fields are mandatory.</p> <p>The Gross metric weight amount and Gross metric weight unit are optional fields but become mandatory if you wish to use SEW to obtain your EDN.</p> <p>All weight fields must equal more than zero.</p>	<p>Net metric weight amount 100</p> <p>Net metric weight unit Kilogram <input type="button" value="v"/></p> <p>Gross metric weight amount 110</p> <p>Gross metric weight unit Kilogram <input type="button" value="v"/></p>

<p>Step 9 Step 9 Provide the Country of origin in the dropdown.</p> <p>This field is mandatory and will appear on your export certificate.</p> <p>Provide the Originating country health certificate number. This field is optional and will appear on your certificate, if provided</p>	<p>Countries of origin Please select the country of origin where your goods have been sourced from. It is mandatory to select at least one country, with a maximum of five. The will appear on your certificate alongside the product description.</p> <p>ITALY x</p> <p>Originating country health certificate number (optional) ITCDT1239274</p>
<p>Step 10</p> <p>Provide the Batch Code. This field is optional and will appear on your certificate, if provided. This field has a limit of 30 characters.</p>	<p>ITCDT 1239274</p> <p>Batch code 1234596</p>
<p>Step 11 Provide the Outer Packaging details.</p> <p>The Package Type, Quantity, Individual Package Weight, and Weight Unit are mandatory fields.</p>	<p>Outer packaging</p> <p>Package type Select the outer package type that the product is packed in. For example: Cartons. CARTONS</p> <p>Quantity Enter the number of outer packages for the product line. 5</p> <p>Individual package weight Refers to the weight of each item inside the outer package. For example, the individual package weight might 25</p> <p>Weight unit Kilogram</p>
<p>Step 12 Provide the Shipping marks. This field is optional and has limit of 30 characters.</p>	<p>Shipping marks This information is optional. Shipping marks or port marks are used to mark the export cartons so they are easily identified by you (the exporter) and the shipping company. If provided, the shipping marks information will print on the certificate. SHIPPINGMARK345</p>
<p>The below information relates to the Additional details of the product.</p>	

Step 13

Details relating to **Containers** are **optional**.

Details relating to **SEW** are **optional**. In this tab, the **Net weight amount, Net weight unit and FOB amount** fields become **mandatory** if you wish to use SEW and obtain your EDN.

Additional Details are **optional**. In this tab, the **Product Source State** field becomes **mandatory** if you wish to use SEW and obtain your EDN.

Add additional details for the product

Containers	Optional	>
SEW	Optional	Mandatory if SEW is required. >
Additional details	Optional	Mandatory if SEW is required. >

Save

Step 14

If you wish to add container details, select the **Containers tab**. Container details are optional.

Select the relevant type of freight container then select **Add container**.

If you decide to provide container details for one product line, you must provide them against all product lines.

[← Product](#)

Containers

Record any freight container details here. If you record a container number (sea freight or air freight) it will print on your certificate.

Type of freight container

Air freight container
 Sea freight container

No containers
No containers added yet

+ Add container

Step 15

If Air Freight

Provide the **Container number** for the Air Freight container. If seal numbers are available, select **Add seal number** and provide the **Start** and **End** seal number.

Select **Add**

Note: It is **optional** to provide these details.

Containers

Record any freight container details here. If you record a container number (sea freight or air freight) it will print on your certificate.

Container number

ALU0000013

Add seal numbers

If your consignment is by air and you would like your Air freight container seal number information to print on the certificate, you can record the details here. You can record a range of seal numbers or a single seal number. If it is a single seal number for an Air freight container then enter same value in start and end seal numbers.

Start seal number

1234

End seal number

5678

Remove

+ Add seal number

<p>Step 16 If Sea Freight</p> <p>Provide the Container number for the Sea Freight container.</p> <p>Select Add seal number and provide the details.</p> <p>Note: It is optional to provide these details.</p>	<p>Containers</p> <p>Record any freight container details here. If you record a container number (sea freight or air freight) it will print on your certificate.</p> <p>Container number</p> <input type="text" value="BLLU0000020"/> Seal number(s) (optional) Seal numbers can only be added if container numbers have been recorded. If provided, the information will print on your certificate as part of the Container information example: MKUK9229966/132520 <input type="text" value="ACB123"/> Remove <input type="button" value="+ Add seal number"/>
<p>Step 17</p> <p>If you wish to obtain your EDN through NEXDOC, select SEW</p> <p>SEW information is optional.</p>	<p>Add additional details for the product.</p> <p>Containers</p> <input type="text" value="SEW"/> Additional details <input type="button" value="Save"/>
<p>Step 18</p> <p>If you wish to obtain your EDN through NEXDOC, you must provide the Net weight amount, Net weight unit and FOB amount.</p> <p>Select Save.</p>	<p>← Product</p> <p>SEW information</p> <p>Net weight amount <input type="text" value="100"/> Net weight unit <input type="text" value="Kilogram"/></p> <p>FOB amount Enter the Free On Board sales value for this product line.</p> <input type="text" value="5000"/>
<p>Step 19</p> <p>Once all necessary is provided, select Save</p>	<p>Additional permit details</p> <p>Containers</p> <p>SEW</p> <p>Additional details</p> <input type="button" value="Save"/>

Step 23

You will be taken back to the **Products for Export** page.

You can either **Add another product to export** or **Copy a product line**.

If you copy an existing product line, NEXDOC will copy all base information and allow you to amend any unique information, such as the *batch number*.

Once you have all product line information saved, select **Next**

REX Section 3: Exporter Details

Step 1

Exporter details are prepopulated from your exporter registration for NEXDOC.

If you need to update these details, select **Edit exporter details**.

If you wish to use your other exporter details for the consignment, please select **Change exporter**.

Provide your **Exporter Reference**.

This is a **mandatory** field and limited to 35 characters. This will assist you identifying your REX in your account. This will also appear on your invoice.

Select **Save and next**.

REX Section 6: Templates and Endorsements

NEXDOC will automatically allocate you an appropriate template and endorsement if applicable

As you indicated you are exporting imported goods, you will be assigned the M418 template

Request for Export Endorsements

[More Actions](#) ▾

• REX number: REX0001650449

The NEXDOC system will automatically assign you the relevant certificate template and endorsement, based on the product information you have supplied in the Product tab. Some products may have alternative template and/or endorsement options, which will be visible if you select the product line.

Product	Certificate	Endorsement	Action
1. Imported Processed Food - Canned tomatoes	M418		Select

Free Text Endorsement

If the importing country requires a specific attestation that applies to all product lines in the application, please provide the text below.

You must attach evidence of the importing country requirement for the declaration/s and appropriate evidence/manufacturing records to support these declarations in the attachment section of this REX.

If approved by the department, this text will appear on your export certificate.

[+ Add Free Text Endorsement](#)

Next

Back

The system will allocate negotiated and/or known endorsements, however if you have evidence of the importing country requiring an endorsement not available in the system, you can provide this text via the **+ Add Free Text Endorsement** function. This request will be reviewed by the department prior to appearing on your export certificate.

Note: This REX level Free Text Endorsement must be applicable to all products in your REX application. One certificate will generate with all products listed against this endorsement.

Note: You will be asked to attach the evidence that the free text endorsement is required in the Attachments tab.

Once you have confirmed the template and/or endorsement combination, select Next.

Printer selection

You can select 'Use your own printer' if you have approval to print locally, or you can select a 'Print region' to print your certificate in one of the department's offices. Select the office closest to you.

Print to a departmental regional office

If you select a 'Print region' your certificate will print to the nominated regional office and you will need to arrange collection. If you wish to print on your own premises, and can't see a 'Use your own printer' selection on screen, this may be due to importing country requirements or due to the fact you have not applied for the 'My Printer' permission within your NEXDOC Account.

Step 2

Selecting the **Use your own printer** tick box will allow you to print your certificate remotely, rather than needing to collect it from a regional department office.

If you do not have this option on screen, please request this permission via your registered NEXDOC exporter account.

I declare the statements provided in this application and any information or documents provided to the Department of Agriculture, Fisheries and Forestry (Department) are true and correct. I understand I may commit an offence or be liable to a civil penalty under the Exports Control Act 2020 (Act) or the Criminal Code Act 1995 if I make a false or misleading statement in this application or provide false or misleading information or documents to the Department.

I declare the following in relation to this application:

1. the requirements of the Act in relation to the export of the goods listed in Section 2 'Product for export' of this REX have been complied with, or will be complied with before the goods are imported into the importing country; and
2. any importing country requirements relating to the goods have been met, or will be met before the goods are imported into the importing country.

I agree

Step 2
The destination country and products will display. If there are no changes required, select **Lodge REX**.
